### Rules of the Roads

The Art in Motion bicycle routes feature a variety of shared-use paths, bike lanes and streets shared with automobiles.

Ride with traffic, obey traffic laws, and use bike lanes where possible.

Don't forget to wear your helmet and be aware of traffic passing you.

A friendly wave to courteous motorists goes a long way in fostering positive relations between cyclists and motorists.

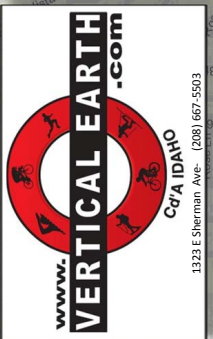

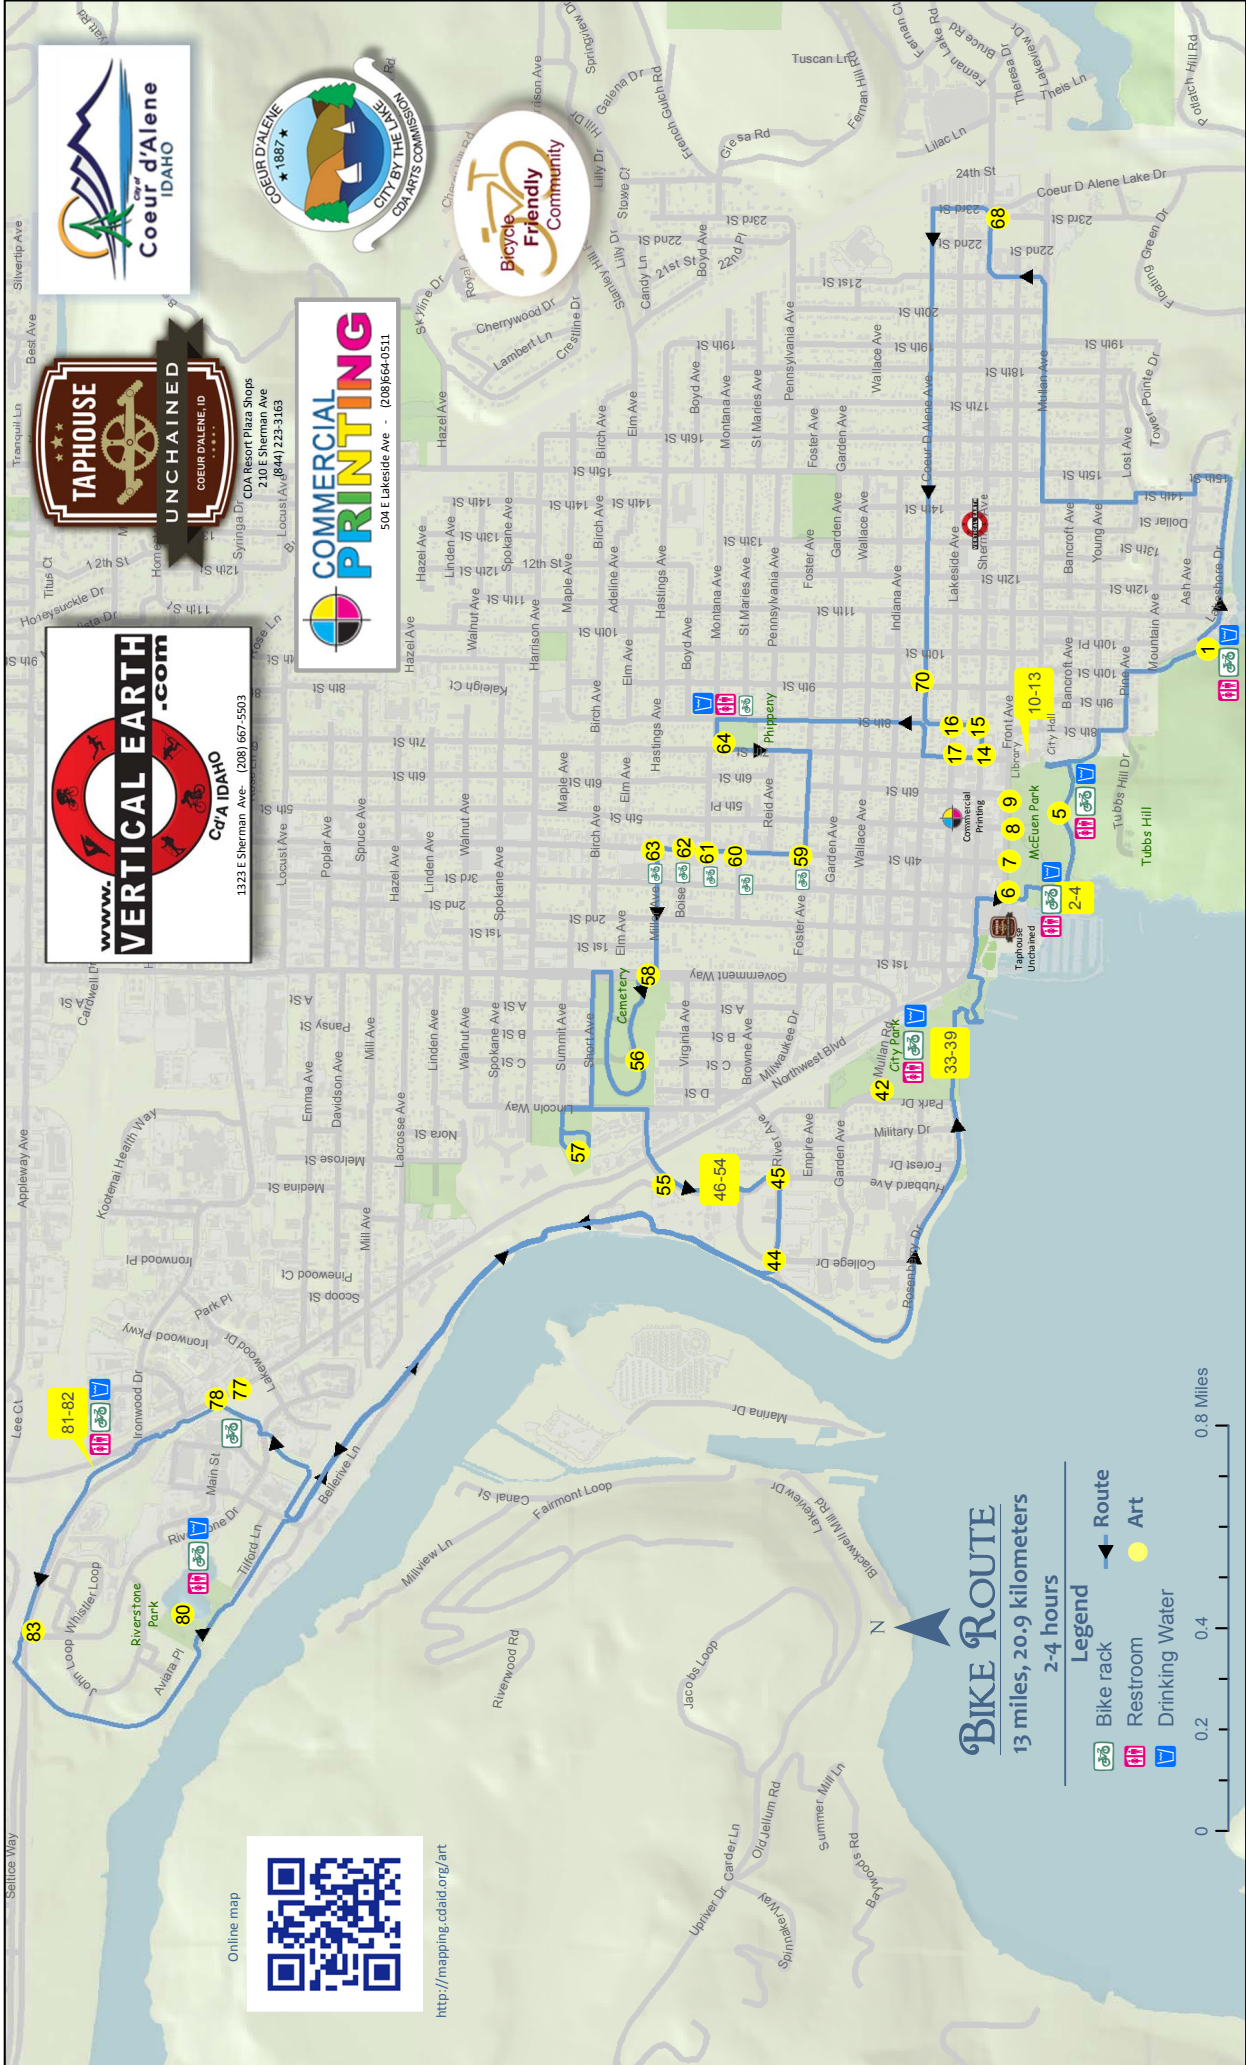

If riding at night, use lights and reflectors.

Note: it is illegal to ride on sidewalks in the downtown Business District.
